The counter of your C-store is absolutely critical to your success. It's where impressions are made, relationships are built, and profits are won or lost. Everyday you and your employees are challenged to present the right products to the right customers in precisely the right way.

Passport® gives you the tools to make it happen, with a more versatile loyalty system, smarter marketing options, a sleek all-in-one design, tighter security and much more. It has the power to optimize every transaction, provide exceptional customer service and manage for the future. Because no other site is quite like yours. And no other system is quite like ours.

**Unmatched simplicity** provides a shorter cashier learning curve and faster, smoother transactions. Flexible merchandising features offer industry leading loyalty capabilities, smarter pricing options and a more versatile promotional structure.

**Smart, secure management tools** keep you in control with sophisticated remote management and monitoring, detailed transaction logs and comprehensive data backup.

**Unbeatable product support** maximizes uptime with remote diagnosis and repair coupled with a variety of service options.

**Advanced system architecture** provides the most reliable, flexible, future-proof route to PCI compliance.

**More third-party options** enable easy, seamless integration with loyalty programs, kitchen systems and more.

**All-in-one convenience** provides full-size power with an above counter, small footprint, PC.

## Gilbarco recommends PX52 sites convert to EMV using a PX60 Trade Up Kit.

### Benefits of trading up:

- > Upgrade to EMV
- > All-In-One System Design
  - > Reduces under counter footprint
