

(919) 757-4501

**Ruby2 & Commander 16 Bundle. Provides the all the power and capabilities of the Ruby Ci with the added convenience of being able to separate the server from the terminal. Buy now and receive a second year warranty for free! Offer good while supplies last.**

### THE PURPOSE BUILT, ALL TOUCH POS FOR C-STORES

Ruby2 is the latest POS solution offering from VeriFone. It is equipped with a fully touch screen console providing fast, efficient order taking and payment processing. The multi-core processor allows the Ruby2 to process functions with increased speed allowing for easier store and customer management.. The Ruby2 is equipped with a high capacity processor allowing it to grow in functionality as business needs change or expand. The sleek touch screen hardware allows for more counter space and a smaller footprint for each work station.

Sleek Design Allows for Smaller Footprint at the counter, Freeing Valuable Space for More Products!

### INCREASE SPEED AND EFFECIENCY OF FUELING, PAYMENT AND STORE CONTROL

Commander16 Mini Site Controller from VeriFone offers convenience store owners a versatile site management solution providing increased speed in payment acceptance, fueling operations, and back office store control, in a compact footprint. Commander16 Mini Site Controller features the Commander Console, a cloud based management software platform. This platform allows owners to manage all aspects of their business from fuel to payment and store operations quickly and easily from any web enabled device.
